WATER ADVISORY

This is to inform with regrets all water consumers in the NHA Housing Villages located at the northern part of Tacloban City that the water supply delivery being facilitated by the Department of Public Works and Highways Regional Office VIII will resume today, April 7, 2017.

The reason for the temporary cessation of water delivery by the DPWH-8 on April 4 to April 6, 2017 was due to the unavailability of fuel intended for the water delivery trucks.

Rest assured that all efforts is being undertaken by the DPWH and LMWD in order to provide the needed water to said relocation villages.
